

## Setting Up Application Environment

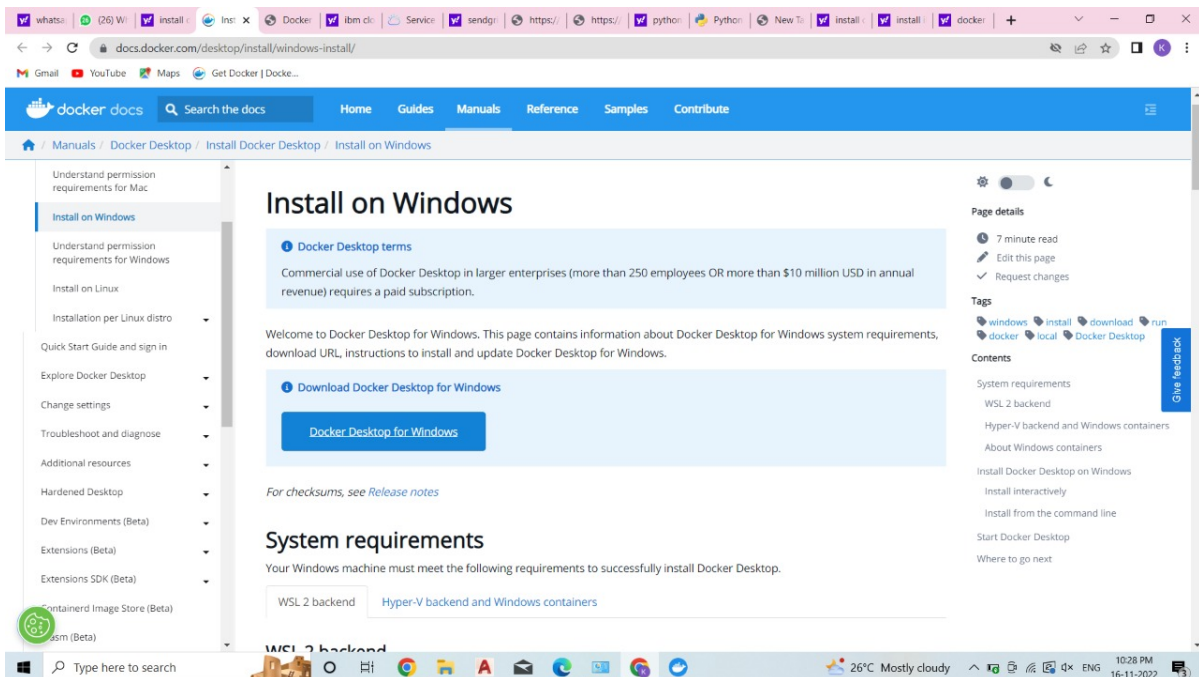

### Docker Installation

Date	16 Nov 2022
Team ID	PNT2022TMID49839
Project Name	Nutrition Assistant
Team Members	A.Venugopal D.Allwin Selva S.Muthu Kumar S.Sanjay

#### Step 1:

Go the official Docker website:

<https://docs.docker.com/desktop/install/windows-install/>

## Step 2:

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

## Step 3:

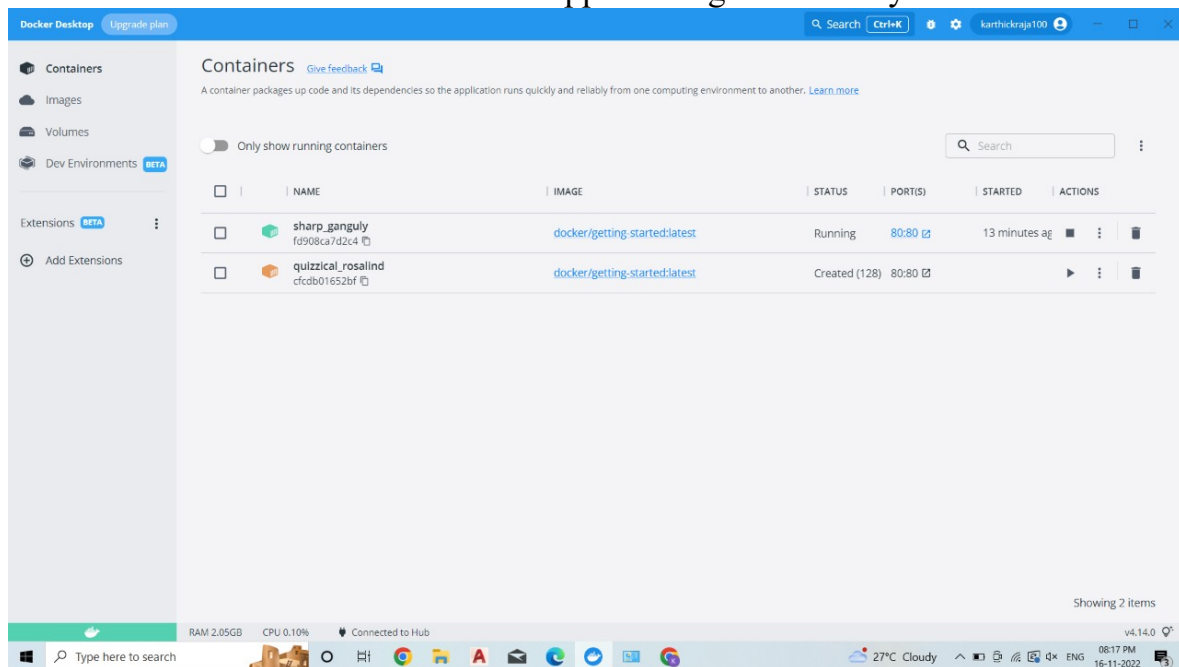

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

## Step 4:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

## Step 5:

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

## Step 6:

Finally, the docker is installed successfully.
